To Whom it may concern,

I hereby recommend Jennifer Hertzoff, CVT and her dentistry training classes.

She has been working with me in our dental specialty practice as a technician for over 15 years. Jennifer has been trained by me and Dr. Coffman, DVM, DAVDS, FAVD exclusively in all aspects of dentistry. For instance, assisting with safe anesthesia monitoring procedures, digital dental radiography, professional teeth cleaning, assisting with oral surgery, homecare suggestions for owners as well as assisting with endodontic, prosthodontic and orthodontic procedures.

For the past 12 years she has been teaching comprehensive and appropriate dental care. Jennifer is an exceptional teacher and presenter. One of the best I have ever heard. She loves sharing her knowledge with enthusiasm to the attendees.

Jennifer's quality of dental skills is excellent, her training classes are engaging and above all, she is a very nice, kind person.

Thank you,

A handwritten signature in black ink that reads "Chris J. Visser". The signature is fluid and cursive.

Chris J. Visser, BVSc, DVM, MRCVS, DAVDC, DEVDC
